

**BREAUX &
DARVIE
RECEIVE
WHITE COATS
FROM
LSU-SHREVEPORT**

The entire PJP community congratulates alum, Patric Darvie and Elise Breaux, members from PJP Class of 2009, for receiving their white coats from LSU Medical School - Shreveport on March 7, 2015.

In 2013, Patric graduated from Tulane University and Elise from LSU @ Baton Rouge. Both are continuing their studies in Shreveport, and will eventually pursue their own medical specialty.

While at PJP, Darvie participated in the Swan Summer Internship for Cardio-Thoracic Surgery, but will weigh all his options as he furthers his medical studies.

We wish Patric and Elise all the best and extend our Jaguar pride for all that they have and will accomplish. They both look forward to a 2017 graduation date.
